A one-day workshop with [Simone Tippett](#) of [Union St Printmakers](#). Learn useful tricks and hacks for printing with your new Enjay RP12 cylinder press. Spend the morning preparing, carving and relief printing a lino block in an RP12, using different kinds of registration systems. Then, following a light café lunch, spend the afternoon preparing, inscribing and printing an intaglio drypoint plate in an RP12, as well as learning a simple embossing technique.

In addition to the basics of relief and intaglio processes – and learning quick tips for using your RP12 – throughout the day we'll also look at original prints made with a variety of different techniques.

This is an excellent introductory workshop to the pleasures of printmaking; both making and appreciating prints. Ideal for new RP12 owners, beginner-printmakers, students, creatives, makers and art collectors alike.
